

Moneybarn No 1 Limited v VW Kings Garage Ltd and others.

Stacy Payne was instructed to represent the Claimant at a Fast Track Trial to seek the Recovery of Goods and payment of monies due following breach of a Hire Purchase Agreement.

The matter was robustly defended, and lengthy arguments were had as to the alleged breach, whether the Default Notice had been satisfied and whether the contract had been incorrectly terminated.

The Court concluded the contract had been breached, that such had not been remedied and that the contract had been properly terminated.

Stacy obtained judgment on behalf of the Claimant in the full sum with the Counterclaim being dismissed. Stacy also secured costs orders against the Defendants, exceeding £11,000.
